

TECH TIPS

EXHAUST PRESSURE SENSOR

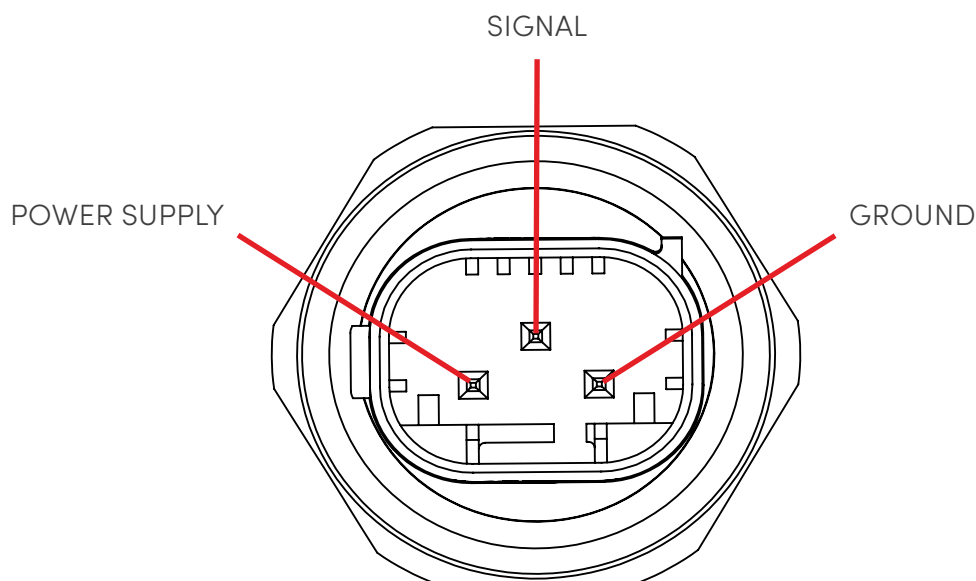

REF. 1479001K | ASSEMBLY INSTRUCTIONS

OEM REF. 8201000764

KIT ASSEMBLY:
SENSOR (OEM REF. 8201000764)
+ CABLING (OEM REF. 8201428503)

Due to a change in mounting, the positioning of the lugs is now in a triangular shape. The connector should therefore be mounted on the sensor as follows:

Caution! Remember to position the connector in the right direction (with the keyed connection downwards).
